There are plenty of other ways to help your child prepare for the test:

- Copy some sentences from a book and get him to underline either the main or subordinate clause.
- Write down some unpunctuated sentences for your child to punctuate correctly.
- Call out a word and ask your child to tell you a synonym (a word that means the same) or an antonym (a word that means the opposite).
- Make spelling part of everyday life! Try a few unusual strategies to improve your child's spelling.
