

As part of our Resilience Day we will be working towards the The Duke of Cornwall Community **safety** award

We will talk about and complete some activities on these topics:

Which emergency services might be involved in an emergency?

Who near you, or in your community, may need your assistance?

What would you do if there was a danger nearby?

What is an emergency?

Draw a map of a **safe** route from our classroom.

What you might need in a household grab bag?
