

## Year 3 learning at home week 1

Dear Casey,

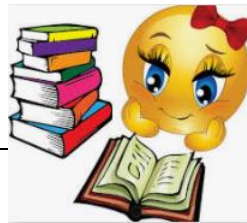

Welcome to Year 3 learning! Below is everything you need to complete the same activities as your class mates this week. You can access this learning on our school website:

<https://www.southwaterjunioracademy.co.uk/> under the 'Home Learning' tab.

If you have any questions about your learning you can contact us at [year3@southwaterja.co.uk](mailto:year3@southwaterja.co.uk). We will check this email daily. We hope you enjoy these activities. Try your best, but do not worry if you are unsure about anything. I hope to speak with you on Wednesday morning to introduce myself properly and answer any queries you may have.

Best wishes,

Miss Spray and the Year 3 Team.

### Reading

Have a go at completing 2 or 3 short reading comprehensions over the school week. Try to write your answers in a full sentence.

### Writing

1) We would like to get to know you. Please write a recount of what you did over the summer holidays. You may have visited a beach or seen family and friends you had been missing. Please write about what you did and how you felt.

2) Choose a favourite story book and write a book review. The following questions may help you:

What is the book about?

Who is your favourite character and why?

What happens in your favourite part of the book?

3) Learn about word classes by reading the help sheets and completing the activity sheet. Can you find enough verbs and nouns in your favourite book to complete the table?

### Maths

In maths this week we are exploring hundreds, tens and ones. Please follow the numbered activity sheets to access the learning steps.

### Spelling

Firstly, 3ES are practising our Year 2 High Frequency Words. Please complete some of the offered activities to explore these spellings over the week.
